Active National Grant Scheme for Sport and Physical Activity for Older People 2023

BACKGROUND

Since 2001 Sport Ireland has provided funding to Age & Opportunity for our Active programme to help increase the participation of older people in recreational sport and physical activity. This Active National Grant Scheme for Sport and Physical Activity for Older People is one element of the extensive Active programme which has resulted from this funding.

OVERALL AIM

The Active National Grant Scheme aims to assist in the implementation of locally-developed, well-planned initiatives designed to increase participation in recreational sport and physical activity by older people. In particular, the scheme is aimed at:

- supporting the work of Age & Opportunity's Active Programme including the network of PALs (Physical Activity Leaders) and CarePALs, and the development of Go for Life Games and other initiatives;
- assisting local clubs/organisations/care settings to enhance existing opportunities for their members in recreational sport and physical activity;
- assisting local clubs/organisations/care settings to start new initiatives geared at involving older people in recreational sport and physical activity;
- encouraging all sports clubs to provide new initiatives within their clubs aimed at getting older people back to their sport;
- assisting those working in care settings (both nursing homes and day care settings) to introduce more initiatives to increase physical activity levels of those in their care.

WHO CAN APPLY

Grants are available to all eligible local clubs, groups, care settings and organisations that promote increased participation in recreational sport or physical activity for older people as a main element of their activities. **Umbrella bodies, or their agents, are not eligible for funding under this grant scheme.** An exception to this are Local Sports Partnerships who are eligible to apply.

Funding for sports clubs will only be considered if the application specifically relates to older people.

Grants are made available for sport or physical activity for **older people** and the overall club membership of applicants must be such that older people will be the beneficiaries of the grant monies.

KEY CRITERIA

Applications are encouraged from clubs/organisations/care settings that:

- have the potential to increase levels and frequency of participation in recreational sport and physical activity among older people in their setting or local area;
- can act as showcases or successful demonstration projects that can be replicated by other clubs/organisations/care settings in the future;
- have the potential to develop into a sustainable, longer-term programme;
- are developing initiatives in designated disadvantaged areas;

Funds permitting:

Grants will be between **€300** and **€700*** and may be allocated towards the cost of the eligible initiatives outlined overleaf.
